Azure seascapes and beautiful scenery await.

American author John Steinbeck once wrote that Italy’s Amalfi Coast “is a dream place that isn’t quite real when you are there and becomes beckoningly real after you have gone.” This is one of those rare places where photographs simply don’t do its sights justice—you need to see them for yourself. On this Walking Tour of the Amalfi Coast you’ll do just that, as you pass through its seaside villages.
